

**THE
'KEMOMIND'
SCIENCE
CONFERENCE**

**17 MAY
2019**

LJUBLJANA

Apply before 14th of May!

The conference will be located at
Plaza Hotel, BTC, Ljubljana, Slovenia

'KEMOMIND' EVENT SCHEDULE

9:00 - Registration.

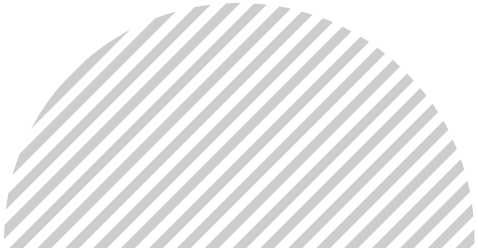

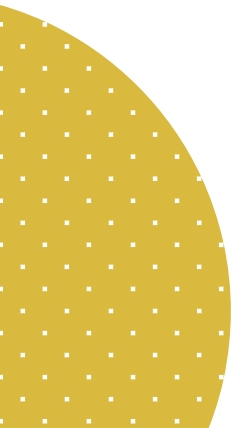

9:30-10:00 - Welcome remarks by host,

10:00 - 12:00 Section 1 - The principals of
cell cultivations.

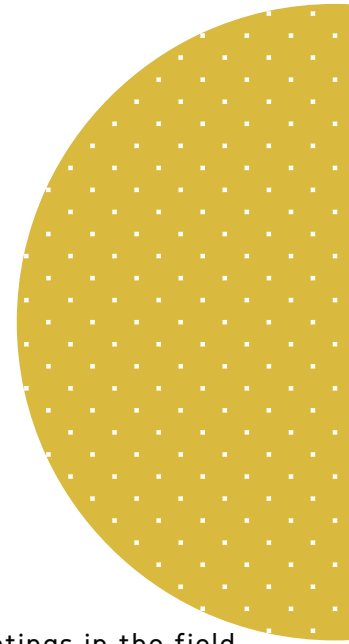

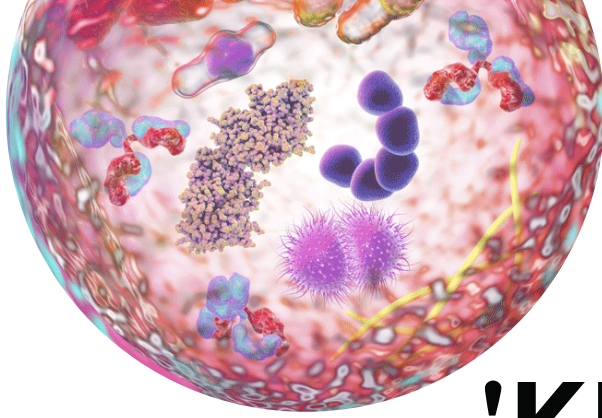

12:00 - 12:30 - Coffee break.

12:30 -13:30 Section 2 - The detection
philosophy for cell biology.

13:30 - 15:00 Section 3 - Biobanking
storage.

15:00 - 16:00 Closing ceremony & Lunch for
all registrated participants.

'KEMOMIND'

With great enthusiasm, we are introducing the beginning of connecting meetings in the field of life science KEMOMIND, organized by young and ambitious enthusiasts of science from the company Kemomed d.o.o. Our idea is to increase the level of integration in science in the Republic of Slovenia and to support young researchers in their research careers. As we work with leading partners and manufactures of high technology products, we will have a unique opportunity to bring experts from abroad and share their experience with you.

For this purpose, we invite you to the KEMOMIND conference entitled New biotechnological trends in cell biology and stem cell biology, where we will present the latest trends in the technology of cultivation, detection, and storage of cells and stem cells.

Cell technologies are becoming an increasingly important tool for biological analyses, and they play an important role in pharmacy and medicine, a great challenge is also stem cells with their great potential in regenerative medicine, the development of new drugs, and helping to understand the incidence of disease. At Kemomed, we monitor the latest trends in this field, which can help you with everyday challenges in working with cells and stem cells. At the conference, we will present the current challenges and solutions in the field of cell culture and detection, and the latest innovative way of storage, which with the help of excellent software provides the solution for the optimal arrangement of your biobank.

The conference will be held on Friday, May 17, 2019, from 09 a.m. in the conference center of the Radisson Blu Plaza Hotel, Ljubljana (Bratislavska cesta 8, Ljubljana). Participation is free, registration is mandatory. Applications will be open from April 25 to May 14, 2019. Find out more about the conference, application form and program on our [website](http://www.kemomed.si).

We look forward to seeing you,
Your Kemomed d.o.o.
